

Hands on Science Incursion – Super Scientist

A 'Hands-On Science' incursion has been organised for the Year 1 students on **Thursday 12th March**, with each class attending a 1.5 hour science lesson with a science presenter throughout the day. The **purpose** is to **extend the students' oral language and vocabulary** related to our 'Super Scientist' unit, as well as allowing the students to **develop an awareness of chemicals in our world by predicting, observing and recording different ways in which chemicals change.**

It is expected that all students will attend as this day is part of our learning program. Please ensure your child is at school on time and ready to participate in the incursion. **We will not be able to wait for any late comers as the presenters have to keep to their daily schedule.**

COST: \$16.00

Permission for your child to attend can be completed on Compass or by returning the permission form below. Payment options, either online or by returning the slip below. Both permission and payment must be completed no later than **Wednesday 4th March.**

Thank-you,
Sheridan Costa, Sophie Bertolini, Peta Law, Marge Lang and Ryan Andrews
